## CAREER OBJECTIVE

Reliable focused, and result-oriented full-Stack Web developer, with a passion for developing and designing a dynamic and interactive user-friendly interface that ensured high traffic, increased page views, and user experience. Dedicated to both frontend and backend solutions with a proven ability to meet deadlines. Proficient in optimizing web functionalities that improve data retrieval and workflow efficiencies. Seeking opportunities where I can fully use my skills and become a valuable asset for the success of the organization.

## CORE SKILLS

### PROGRAMMING LANGUAGES

- HTML
- CSS
- JAVASCRIPT
- REACT/REDUX
- REACT NATIVE
- NODE AND EXPRESS JS

### DATABASES

- MONGO DB

## PROFESSIONAL ACCOMPLISHMENT

- I worked as a frontend developer for a company in Mali, where I was entrusted with replicating UI created by the UI/UX team. I also had so many hands-on-experience creating ecommerce stores, admin dashboards and logistic sites, etc.
- I work as a react native developer for Cudium, a Financial technology company.
- I Built the airsoft company's website, an art studio situated at East Ham, London
- Facilitating cutting-edge engineering solutions with a wide range of e-commerce applications and technology skills.
- Proven ability to leverage full-stack knowledge and experience to build interactive and user-centered website designs to scale.

- Extensive expertise in large system architecture development and administration, as well as network design and configuration.
